D2  
Crowds that scream at superstars  
G  
Where bouncers show they're battle scars  
Bb / C D2

We pray to god it never ends

I've been, I've seen, we've screamed to everyone

Chorus:

You stand off in the back

You still stand out while you wearing black

Bb / C D2  
Jump onto the bus  
C G  
And ride around with all of us  
Bb / C D2  
We'll go out on the town  
C G Bb / C  
And light it up till we burn it down, burn it down  
After hours and alcohol  
Every club, we've seen em all  
As long as we don't need to stand in line  
Party scenes and billboard dreams  
The ladies love those limousines  
You know they're gonna show up every time
