

Nickelback - Those Days

tom:
 Remember when the streetlights came on
 And we had to be home?
 Remember when Elm Street came on?
 Couldn't watch it alone
 Remember every prank call we made?
 It starts sixty-nine
 Remember trying to hit eighty-eight
 To go back in time?

Remember when they played Purple Rain
 To our first slow dance?
 Remember when we thought that first base
 Was just holding hands?
 [Pré-Refrão]
 Those days come back in the dead of night
 Those days that felt like another life
 What would you be doin' back in those
 Days?
