

Nightwish - Leaving You For Me

Tom: **D**

(**Gbm Dbm Gbm Bm**)

I'm sitting here alone, what else could I have done?
 I can't regret 'cause I don't even know what I did wrong
 Freedom died with you
 I'm searching for myself
 I wanna feel alive

What about me?(echo)

(**Gbm Dbm Gbm Bm**)

{Chorus}
 Leaving you for me, (what about us)
 Try to understand

That I'm only leaving you for me
 (Are you trying to hurt me?)
 Demons in my head
 They won't let go

{Tarja}

(**Gbm Dbm Gbm Bm**)

Hiding from the truth
 His strange trough his thoughts
 I can go exploring every corner of his soul
 Life has to go on
 You'll still find your way
 I wanna feel alive

(What about me)
