Intro: Em Em C Am

Em
Before you jump in,
Em
Tryna get under my skin,
C
Something I should let you know,
Am
It's gonna be impossible.

Em
'Cause I've made a mess,
Em
In a backless dress,
C
I don't wanna lead you on,
Am
'Cause I'd only do you wrong, oh oh.

Em
You can have my heart,
Em
But you're not gonna leave with it,
C
Lying in the dark,
Am
Yeah you almost believed in it.

Em
You've got me wrong,
Em C
I've got you hanging round my neck,
Am
Saying romance isn't dead.

Em
Oh, you know that I'm down for whatever, Am
C
But oh, I told you that it won't be forever, Am
Em Bm
Oh, how come you still think that you're the one, C

Baby, I'm just chewing gum until the flavour's gone, Am
Em
Oh oh oh, ah ah, C
C
I'm just chewing gum until the flavour's gone.

Let me tell you straight,

I could be your worst mistake,
C
Or you could get the best of me, Am
Am
Forget about the rest of me.

Em
With your cigarette,
Em
In between your teeth,
C
You could light me up, Am
Am
If I forget to breathe, oh oh.

You can have my heart,

Em
But you're not gonna leave with it,

Screaming romance isn't dead.
