

# Nina Nesbitt - Last December

tom:  
 Capostraste na 4ª casa

**C**  
 You were different to anyone i've ever known  
**G**  
 Used to have a tendency to drink alone  
**Am**  
 But when i met you i felt like i wanted  
**F**  
 To save you somehow

**C**  
 I loved the way that you always put me first  
**G**  
 You gave me your best and i gave you my worst  
**Am**  
 Took it for granted because i couldn't see  
**F**  
 Why you'd let me in just to get hurt

**G** **C** **F**  
 But moments stay when people leave  
**G** **C** **F**  
 And I can say that i still remember when

**C**  
 I met you there with a nervous smile  
**G**  
 And i left knowing you'd be here a while  
**Am**  
 I loved last december

**F**  
 Don?t think that i don?t remember it all now  
**C**  
 Drinking mulled wine and seeing the lights  
**G**  
 You lit up london in my eyes  
**Am**  
 I loved last december

**F**  
 Don?t think that i don?t remember it all know  
**C**  
 We sat in the graveyard, talking about life  
**G**  
 Drove for days and played under different lights  
**Am**  
 Then we'd run off, with enough love to  
**F**  
 Keep us up for nights

**C**  
 You were the safety blanket i needed most  
**G**  
 But you were always so anxious

**Am**  
 Of my ghosts that came at night  
**F**  
 From my past life

**G** **C** **F**  
 But moments stay when people leave  
**G** **C** **F**  
 And I can say that i still remember when

**C**  
 I met you there with a nervous smile  
**G**  
 And i left knowing you'd be here a while  
**Am**  
 I loved last december

**F**  
 Don?t think that i don?t remember it all now  
**C**  
 Drinking mulled wine and seeing the lights  
**G**  
 You lit up london in my eyes  
**Am**  
 I loved last december

**F**  
 Don?t think that i don?t remember it all know  
**G** **Am**  
 Late nights and buses, laughing and running

**F**  
 Never making the last train in time  
**G** **Am**  
 Kissing and fighting, till i would start crying  
**F**  
 Cause you were so drunk out your mind

**C**  
 I met you there with a nervous smile  
**G**  
 I left you here with nothing but  
**Am**  
 Memories of december  
**F**  
 Now it's all i remember yeah

**C**  
 Drinking mulled wine and seeing the lights  
**G**  
 You lit up london in my eyes  
**Am**  
 I loved last december  
**F**  
 Don?t think that i don?t remember it all now

**Am**  
 Cause it's all i remember  
**F**  
 But that was last december  
**C**  
 And this is now
