

Nina Nesbitt - Last December

tom:
 Capostraste na 4ª casa **B** (forma dos acordes no tom de **G**)

C
 You were different to anyone i've ever known
G
 Used to have a tendency to drink alone
Am
 But when i met you i felt like i wanted
F
 To save you somehow

C
 I loved the way that you always put me first
G
 You gave me your best and i gave you my worst
Am
 Took it for granted because i couldn't see
F
 Why you'd let me in just to get hurt

G **C** **F**
 But moments stay when people leave
G **C** **F**
 And I can say that i still remember when

C
 I met you there with a nervous smile
G
 And i left knowing you'd be here a while
Am
 I loved last december
F

Don't think that i don't remember it all now
C
 Drinking mulled wine and seeing the lights
G
 You lit up london in my eyes
Am
 I loved last december
F

Don't think that i don't remember it all know
C
 We sat in the graveyard, talking about life
G
 Drove for days and played under different lights
Am
 Then we'd run off, with enough love to
F
 Keep us up for nights

C
 You were the safety blanket i needed most
G
 But you were always so anxious

Am
 Of my ghosts that came at night
F
 From my past life

G **C** **F**
 But moments stay when people leave
G **C** **F**
 And I can say that i still remember when

C
 I met you there with a nervous smile
G
 And i left knowing you'd be here a while
Am
 I loved last december
F

Don't think that i don't remember it all now
C
 Drinking mulled wine and seeing the lights
G
 You lit up london in my eyes
Am
 I loved last december
F

Don't think that i don't remember it all know
G **Am**
 Late nights and buses, laughing and running
F

Never making the last train in time
G **Am**
 Kissing and fighting, till i would start crying
F
 Cause you were so drunk out your mind

C
 I met you there with a nervous smile
G
 I left you here with nothing but
Am
 Memories of december
F
 Now it's all i remember yeah

C
 Drinking mulled wine and seeing the lights
G
 You lit up london in my eyes
Am
 I loved last december
F
 Don't think that i don't remember it all now

Am
 Cause it's all i remember
F
 But that was last december
C
 And this is now
