

# Nina Nesbitt - The Outcome

Tom: Eb

(com acordes na forma de Capotraste na 1ª casa) D)

Now I've got a fainting heart  
 You leave and it all goes dark  
 Wake up in the light so cold  
 If you feel the same I never know

Is this the way that you wanted?  
 Are you certain?  
 I'll be your all or nothing  
 So what's the outcome?  
 Was I just someone?

But I'll tell you one thing  
 I'm all or nothing, it's all or nothing now  
 It's your decision  
 This love for division  
 We're all together nothing now

Feel like I've committed a crime  
 Waiting to resume my life  
 I'm waiting between heaven and hell  
 Maybe you should ask yourself

Is this the way that you wanted?  
 Are you certain?  
 I'll be your all or nothing  
 So what's the outcome?  
 Was I just someone?

But I'll tell you one thing

I'm all or nothing, it's all or nothing now  
 It's your decision  
 This love for division  
 We're all together nothing now

We're just in between now  
 What are we today?  
 How am I to feel with  
 You're so far away  
 We're just in between now  
 What are we today?  
 How am I to feel with  
 You're so far away

Is this the way that you wanted?  
 Are you certain?  
 I'll be your all or nothing  
 So what's the outcome?  
 Was I just someone?

But I'll tell you one thing  
 I'm all or nothing, it's all or nothing now  
 It's your decision  
 This love for division  
 We're all together nothing now

But I'll tell you one thing  
 I'm all or nothing, it's all or nothing now  
 It's your decision  
 This love for division  
 We're all together nothing now
