

# Nirvana - Downer

Tom: **Bb**

Then the gitter comes in:

The verse is bass only, doing the same the intro stuff.

On "Fight!", the gitter comes in again:

Then the gitter does this (in sync w/the bass):

Then it goes into the chorus ("Somebody served a dinner..."):

Downer

Put your sincerity  
I've got a royalty  
Defending your country  
Wish away

I've had a lobotomy

Save your family  
Surrealistic fantasy  
Bad boy

Fight!

All we know is  
Restitution  
Living out your  
Date of future  
There's a hope  
Please show me faster  
Don't forget  
To pass a riot

Somebody served a dinner  
Much like I am  
I know I can't  
Make enough although  
If you go along  
I sing your song

Sickening pessimists  
Picketing masses  
Separated communists  
Apocalyptic bastards  
Rinkydink God  
For putting me on this Earth  
Being very frivolous  
Death in mind
