

# The Nixons - December

Tom: G

Tune half step down

That's pretty much the riff through most of it.

Verse1:

Riff

I may not see our July

May not be near when the sun is warm in your sky

I may miss entire spring times

But this promise is yours, and it's strong as life

Chorus:

G            A                            G

I'll be home when the snow is falling

A                            G

When the fire turns to ember

A                            D

I'll see you in December

Verse2:

I may not see Valentines

Share birthday's with a letter

But it's only time, only miles

Chorus

Bridge:

And the snow will fall

Fires will warm

Heart that's full true and calm

Snow will fall

Fires will warm

All I am, all I'll be is yours

Chorus

## Acordes
