Intro: /Main riff

Chords

Okay, Here is the song. Since this version is from their small-time album Halo, the words will be a little different from the version on Foma. But 98% of it is close enough. If you have Halo it will be perfect. But for those of you who want to play that cool lead in the intro from Foma. I tabbed it out.
 /bend and hold

Reverend Deceiver,
 high in your tower you need my money to live.
 Then I say that you can die,
 for I do not agree that he needs my silver.
 He's got my heart
 and I know, I know that he needs nothing more from me.
 I await His call... ali Allah in come free.

-ad lib-
 -guitar solo w/vocals-
 Reverend Deceiver you need my money to live.
 In your tower above your bronze praying hands.
 Should've been bigger, Should've been bigger
 Maybe then he could hear you clearly
 Softly and Tenderly.

-ad lib-
 Get off my T.V.
 Bb Db
 For I do not agree that he needs my silver.

He's got my heart and I know
 I know that He needs nothing more from me.
 I await his call...ali Allah in come free.

-ad lib-
 Should've been bigger.
 Should've been bigger.
 All I need is inside.

My fellowship ONE!

-now for that pesky solo stuff. This is the only lead guitar for the version on halo, The end leads from Foma are beyond me. Also since I am not their guitarist, I can only tab it out as I hear it I hope it is good enough for ya... here goes nuttin-

-ends with- F G Ab F
 Lastly, the bass follows the rythm extensively; so it shouldn't be hard to play with the whole band after one run through.
 This is my first transcription, I hope it's good.
