

# No One Spoke - Sigh

tom:

I'm petrified by the cold in your last words

So mean, so deep

And I've thought that this could be my redemption

New start, new breath

( Dbm C Dbm C )

But nothing can make a decision turn back

And I must conceive that this time I was defeated

I started a search for a new life

But I couldn't reach

[Refrão]

I'm dead to the world one more time

I'm dead with my dreams and cannot sigh

I'm dead to the world one more time

I'm drawing in tears I cannot hide

( Dbm Abm A B )

( Dbm C Dbm C )

Dbm C Dbm C

All in an eye, all in a smile, all in a try, all in a cry

My heaven and hell

Makes me bleed inside

Tears of dust and blood

I finished my search for a new life

I'm burning my feelings and wishes

But I will resist

[Refrão]
