

No Thanx Official - Smile

Tom: C

Spent a lot of time thinking of you
 And I hate when people say I'm love with you
 I don't have a steady job or steady date
 I just have a heart that you can take away
 I have no idea what I was feeling for so long

Now I realize whith one more song
 This is just the way I feel or
 Just another song wich makes you smile,
 For all night long
 Sometimes I dream with things that seems unreal
 But when I wake up everthing is gone
 (igual)
 Sometimes I can reach the sky
 And show for you where all my love come from
