

# No Thanx Official - Smile

Tom: C

Spent a lot of time thinking of you  
 And I hate when people say I'm love with you  
 I don't have a steady job or steady date  
 I just have a heart that you can take away  
 I have no idea what I was feeling for so long

Now I realize whith one more song  
 This is just the way I feel or  
 Just another song wich makes you smile,  
 For all night long  
 Sometimes I dream with things that seems unreal  
 But when I wake up everthing is gone  
 (igual)  
 Sometimes I can reach the sky  
 And show for you where all my love come from
