

Noah and The Whale - Five Years Time

Tom: C

(intro) C F G F

(verso 1)

Oh well in five years time we could be walking round a zoo

With the sun shining down over me and you

And there'll be love in the bodies of the elephants too

And I'll put my hands over your eyes, but you'll peep through

(refrão)

And there'll be sun sun sun

All over our bodies

And sun sun sun

All down our necks

And sun sun sun

All over our faces

And sun sun sun

So what the heck

(verso 2) verso 1

Cause I'll be laughing at all your silly little jokes

And we'll be laughing about how we used to smoke

All those stupid little cigarettes

And drink stupid wine

Cause it's what we needed to have a good time

(refrão)

And it was fun fun fun

When we were drinking

It was fun fun fun

When we were drunk

And it was fun fun fun

When we were laughing

It was fun fun fun

Oh it was fun

(verso 3) verso 1

Oh well I look at you and say

It's the happiest that I've ever been
 And I'll say I no longer feel I have to be James Dean
 And she'll say
 Yah well I feel all pretty happy too
 And I'm always pretty happy when I'm just kicking back with
 you

(refrão)

And there'll be

Love love love

All through our bodies

And love love love

All through our minds

And there'll be Love love love

All over her face

And Love love love

All over mine

(verso 4) verso 1

Although maybe all these moments are just in my head

I'll be thinking about them as I'm lying in bed

And all that I believe might never really come true

But in my mind I'm having a pretty good time with you

(refrão)

Oh

Five years time

I might not know you

Five years time

We might not speak

Oh

In five years time

We might not get along

In five years time

You might just prove me wrong

Oh there'll be love love love

Wherever you go

There'll be love love love

Wherever you go

There'll be love love love

Wherever you go

There'll be love love love

Wherever you go

There'll be love love love

Wherever you go

There'll be love love love

Wherever you go

There'll be love love love

 Wherever you go there'll be love
