

# Noah Garner - What Is Heaven Like?

tom:  
Intro: Db Gb Ab Db

Ten years and I ain't got a phone call  
Ten years, we ain't shared a beer  
I can't believe that it's been that long  
Ten years since you've been gone

Now everybody says that I look just like you  
That's good by me cause I always wanted to

So, daddy, what is Heaven like?  
Is it really just beyond where the sun shines?  
Is it like the good book says?  
Do you hear the prayers me and momma send?  
Do you think I'll make it up there so I can see you again?

Man, since you left you've never left my mind  
So, daddy, what is Heaven like?

I've gotta girl now  
That i really think you would like her  
Cause you always knew just how to pick em out  
You know the crazy thing is she says when she looks at me  
She sees a love like you and momma had
