

Noah Kahan - Catastrophize

Tom: B
Intro:

[Refrão]

Oh my god
While you sit and wait for time
To change your luck
And open up those blinds
Oh don't you know
Don't you know that you're the last thing on my mind
Oh I catastrophize
Oh I catastrophize

[Refrão]

Oh my god
While you sit and wait for time
To change your luck
And open up those blinds
Oh don't you know
Don't you know that you're the last thing on my mind

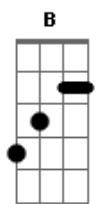

Oh I catastrophize
Oh I catastrophize

[Refrão]

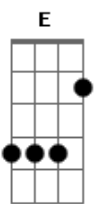

Oh my god
While you sit and wait for time
To change your luck
And open up those blinds
(Hard strumming again)
Oh don't you know
Don't you know that you're the last thing on my mind
Oh I catastrophize

Oh my god
While you sit and wait for time
To change your luck
And open up those blinds
Oh don't you know
Don't you know that you're the last thing on my mind
Oh I catastrophize
Oh I catastrophize
Oh I catastrophize
