

Noah Kahan - Growing Sideways

tom:
 G
 So I took my medication and I poured my trauma out
 C
 On some sad-eyed middle aged man's overpriced new leather
 couch
 Em G
 And we argued about Jesus, finally found some middle ground
 C
 I said, "I'm cured"
 G Bm
 And I divvied up my anger into thirty separate parts
 C
 Keep the bad shit in my liver and the rest around my heart
 Em G
 I'm still angry at my parents for what their parents did to
 them
 C
 But it's a start
 Em G
 But I ignore things, and I move sideways
 C G
 Until I forget what I felt in the first place
 C G
 At the end of the day I know there are worse ways
 D D D
 To stay alive
 Em G
 'Cause everyone's growing and everyone's healthy
 C G
 I'm terrified that I might never have met me
 C G
 Oh, if my engine works perfect on empty
 D
 I guess I'll drive
 G
 I guess I'll drive
 G
 So I forgot my medication, fell into a manic high
 C
 Spent my savings at a Lulu, now I'm suffering in style
 Em G
 Why's pain so damn impatient? Ain't like it's got a place to
 be
 C
 Keeps rushing me

But I ignore things, and I move sideways
 C G
 Until I forget what I felt in the first place
 C G
 At the end of the day I know there are worse ways
 D D D
 To stay alive
 Em G
 'Cause everyone's growing and everyone's healthy
 C G
 I'm terrified that I might never have met me
 C G
 Oh, if my engine works perfect on empty
 D D
 I guess I'll drive
 C G
 And if all my life was wasted
 Em D
 I don't mind, I'll watch it go
 C G
 Yeah, it's better to die numb
 D D D
 Than feel it all
 C G
 Oh, if all my time was wasted
 Em D
 I don't mind, I'll watch it go
 C G
 Yeah, it's better to die numb
 D D D
 Than feel it all
 Em G
 But I ignore things, and I move sideways
 C G
 Until I forget what I felt in the first place
 C G
 At the end of the day lord there are worse ways
 D D
 To stay alive
 Em G
 'Cause everyone's growing and everyone's healthy
 C G
 I'm terrified that I might never have met me
 C G
 Oh, if my engine works perfect on empty
 D
 I guess I'll drive
 G
 I guess I'll drive
