

# Noel Gallagher - I'd Pick You Every Time

Tom: E  
Intro: E A E A E A E

If i lead you to the line  
 Roll me over on my side  
 But i don't mean to be unkind  
 I'd pick you every time  
 Shine a light on one and one  
 Make love easier to find  
 I didn't mean to cross the line  
 I'd pick you every time

Sing for me the stories that you find  
 Now make up my mind  
 As long as you'd say you'd be my girl  
 I would wait around for you until the end of time  
 If i lead you to the line  
 Roll me over on my side  
 But i don't mean to be unkind  
 I'd pick you every time  
 I'd pick you every time  
 I'd pick you every time
