

Noel Gallagher - Lock All The Doors

Tom: F

(com acordes na forma de Capotraste na 3ª casa Intro: 2x: Bm D A

She wore a star-shaped tambourine,
prettiest girl I'd ever seen
was standing lost and lonely on the shore

I tried to catch her every night,
dancing on the road in her candlelight
But I can't seem to reach her anymore

Lock all the doors!
Maybe they'll never find us
I could be sure, like never before, this time

Get down on the floor!
Turn all the lights off in side
I could be sure, like never before, this time
You know it's mine
You know it's mine
(Bm D A)

She never hears me when I speak
I gotta find out where that magic sleeps
And I can feel you underneath my skin

Ready for take-off, warm inside
'cause I don't wanna sail on the ocean wide
'cause we might never live to meet again

Lock all the doors!
Maybe they'll never find us
I could be sure, like never before, this time

Get down on the floor!
Turn all the lights off in side
I could be sure, like never before, this time

You know it's mine
You know it's mine

Solo: G A Bm (3x) G

Lock all the doors!
Maybe they'll never find us
I could be sure, like never before, this time

Get down on the floor!
Turn all the lights off in side
I could be sure, like never before, this time

You know it's mine
You know it's mine
