I'm not here to entertain you  
 I'm here to meet my friend the Russian  
 The Irish, the German, the Colombian  
 I don't care how bad I fuck up  
 I care about how fucked up I get  
 I'm not your clown  
 I'm your dealer  
 And I'm holding three bindles of bullshit  
 And you're buyin' them 'cause you are addicted  
 To the pure and totally uncut  
 I'm not here to amuse you  
 I'm here to abuse my body  
 I'm here because old habits die hard  
 And seriously, what else am I supposed to do?  
 This isn't my job, my hobby, my habit  
 It's sad, but this is my life

Welcome to our mission statement

And not giving our all  
 Watch us Fall!  
 It's not that we don't pull it  
 It's just that we only give about 60 or so percent  
 Would you rather be fed bullshit  
 "This one goes out to all our fans all over the world  
 Without you, we'd just be us.  
 So, I just wanna say thank you!  
 We fuckin' love you, Modesto!"  
 Fuck you!  
 And you're takin' it easy before the show  
 So you won't lose your voice  
 And disappoint your fans routine  
 And you don't care about the children  
 You don't even know them  
 All you know is their money
