LYRICS:

```

      A      C      C      F
1-2-fuck off, drop out, never trust a fucking hippie
      A      C      G      G
And for that matter don't trust anyone.
      A      C      C      F
Quit school, don't work, livin' out the music u punk.
      A      C      G      G
If I could do it so could anyone.

      F      G      A      A
Drugs are good,
      C      G      F      F
they let you do things that you know you not should.
      Bb      F      C      C
And when you do 'em people think that you're cool.
      Bb      F      C      C
And when you do 'em people think that you're cool.

      A      C      C      F
1-2-join a punk band, shave your head n get a tattoo.
      A      C      G      G
You don't need talent just sing out of tune.
      A      C      C      F
Self des-truction, no moral to throw it on me.
      A      C      G      G
For no particular reason beat up everyone.

      F      G      A      A
Drugs are neat,
      C      G      F      F
and you can buy 'em relatively cheap.
      Bb      F      C      C
And when you do 'em people think that you're cool.
      Bb      F      C      C
And when you do 'em people think that you're cool.
