

Nofx - Herojuana

Tom: C

(intro) C Ab Am C

(F)

Light the match

Burn the flour

Leave behind

All the wrong

Why be sad

(When) happiness can be bought for a little more then free

Modern day prohibition

(intro) C Ab Am C

(F)

Are we men

Are we children
 At what age can I choose how to live
 The only real drug problem is scoring real good drugs
 Haven't we learned our lesson

The corner store sells the finest scotch

But who's got uncut powder

We just want what is ours (dignity)

If god created plants and buds that I find and abuse

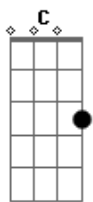

Then who the fuck are you to judge me?

(final) C Am F G
