

Nofx - I Am Going To Hell For This One

Tom: G

He's no the white fragile hippie
 He looks and acts more like an indignant Ice-T
 Jesus Christ is coming back
 He wants to kick Mel Gibson's ass
 Superstar, The Passion Of
 He wants his money, not your love

-Rest for bass part-

He's been kickin' 2000 years
 He's fixed a lot of sports
 and drank a million beers

Some ecstasy, a thin white line

He says designer drugs beat the hell out of whine
 Jesus Christ on vacation
 Spreading mass sacreligion
 "Sex and drugs, we abstain"
 He thinks christians are insane
 They don't know love,
 they know fear and moral hauteur
 Scare tactics I never taught
 " If you're gonna look to me,
 better get rose colored shades,
 Cuz what you see is what you get"
