

# NoMBE - California Girls

Tom: A

Verso 1:

**Gbm7** **E7** **D7**  
 She loves the sunlight  
**Gbm7** **E7** **D7**  
 How it paints on her soft skin  
**Gbm7** **E7** **D7**  
 Takes care of those tan lines  
**Gbm7** **E7** **D7**  
 Scar tissue from the morphine  
  
**Gbm7** **E7** **D7**  
 Baby don't you know you are stardust  
**Gbm7** **E7** **D7**  
 And you're a long long way from home, way from home  
**Gbm7** **E7** **D7**  
 (So) Baby brush it off like it's sawdust  
**Gbm7** **E7** **D7**  
 Or you'll spend the California days alone, days alone  
 N.C.  
 Those California Girls got me outside all night

Verso 2:

**Gbm7** **E7**  
 She ain't never seen the zoo, with the monkey on her back  
**D7**  
 They'd arrest her at the booth and then sell her to the lab  
**Gbm7** **E7**  
 Put a label on the box that says treat is like it's glass  
**D7**  
 If she gets one scratch her parents never take her back  
**Gbm7** **E7** **D7**  
 To be honest. . . she's a liar full of promise  
**D7**  
 She thinks her Rolex makes her timeless  
**Gbm7** **E7** **D7**  
 Her famous friends think she's harmless  
**D7**  
 I'd burn the bridge with her on it
