Maybe there?s some else to keep her warm
      С
                        Am
Maybe she?s too shy to comment
       Em
Twenty one, and too hard to call it
Refrão:
                С
Let?s make this last forever
                          Am
?Cause the night?s still young
                  Em
It?s true, I feel the pressure
                                      Am
                 G
                                                С
Every time you?re gone as long as we?re together
