

Norah Jones - Humble Me

Tom: A

Tabbed by: Stuart Lowe

Note: There is a "Eb" root note in the chorus on the word "knees" and "please" in the original recording. This suggests it was probably played on a 7-string guitar, perhaps using a capo. I have tabbed this to be playable on the 6-string guitar most of us own, with open strings, that is no capo. I have used "B" to replace the "Eb" which works just fine.

Intro:

Verses:
 out on a limb gone too far broke down at the side of the
 road

 stranded at the outskirts and sun's creepin' up

 baby's in the back seat still fast asleep dreamin' of better
 days

 I don't want to call you but you're all I have to turn to

 What do you say when it's all gone away?

 baby I didn't mean to hurt you

 truth spoke in whispers will tear you apart

 no matter how hard you resist it

 it never rains when you want it to
 me
 You humble

Chorus:
Lord you humble me Lord

I'm on my knees empty you humble
me

Lord you humble me Lord

 please, please, please forgive me

The remaining verses and chorus can be played similar to the tab above:

Baby Teresa she's got your eyes
I see you all the time
when she asks about her daddy
I never know what to say

Note: In the previous verse, there is a variation on the last bar:

Heard you kicked the bottle
and helped to build the church
you carry an honest wage
is it true you have somebody keeping you company ?

What do you say
when it's all gone away ?
baby I didn't mean to hurt you
truth spoke in whispers will tear you apart
no matter how hard you resist it
it never rains when I want it to

You humble me Lord
humble me Lord
I'm on my knees empty
you humble me Lord
you humble me Lord
please, please, please forgive me

you humble me.
