## Norah Jones - Painter

## Tom: A

This song is cool.... so i just want it to be on  $\mathsf{U}\mathsf{G}$ 

composed by Lee Alexander/J.C. Hopkins

transcribed by Michael Blake (All his own work.)

The song is in the form AABA AABA with a piano solo on the third and fourth A sections. The finger picking is improvised. I tabbed it out from the first verse as an example, but it's played slightly different each verse.
