

Norah Jones - Prettiest thing

Tom: C
Intro: CMaj7

The prettiest thing CMaj7
I ever did see B7
Was lightning from the top of a cloud F
Moving through the dark a million miles an hour G
With somewhere to be F G
So why does it seem
Like a picture
Hanging up on someone else's wall
Lately I just haven't been myself at all
It's heavy on my mind

I'm dreamin' again Am Bb F F F
Like I've always been Am Bb F F F
And way down low Am G
I still know
The prettiest thing
I ever did see
Was dusty as the handle on the door
Rusty as a nail stuck in the old pine floor
Looks like home to me
I'm dreamin' again
Like I've always been
And way down low
I'm thinkin' of the prettiest thing CMaj7 B7 CMaj7 B7 ...
