

Norah Jones - The Grass Is Blue

Tom: A

I've had to think up a way to survive (D) (E)
 Since you said its over
 Told me good-bye
 I just cant make it one day without you
 Unless I pretend that the opposites true
 Rivers flow backwards
 Valleys are high (E) D
 Mountains are level
 Truth is a lie
 Im perfectly fine
 And I dont miss you
 And The sky is green
 And the grass is blue
 How much can a heart and a troubled mind take (D) (E)
 Where is that fine line before it all breaks
 Can one end their sorrow
 Just cross over it
 And into that realm of insanitive bliss

There's snow in the tropics
 There's ice on the sun
 Its hot in the arctic
 And crying is fun
 And Im happy now
 And Im glad were through
 And the sky is green
 And the grass is blue
 And the rivers flow backwards
 And my tears are dry
 Swans hate the water
 And eagles cant fly
 But Im alright now
 Now that Im over you
 And the sky is green
 And the grass is blue
 And I dont love you
 And the grass is blue
 Just cross over it
