

Norah Jones - The Long Way Home

Tom: A

A (x2)

Well, I stumbled in the darkness - I'm lost and alone

Though I said I'd go before us and show the way back home

There's a light up ahead, I can't hold on any more

Forgive me pretty baby, but I always take the long way home

Money's just something you throw off the back of a train
 Got a head full of lightening - a handful of rain
 And I know that I said I'd never do it again
 And I love you pretty baby, but I always take the long way home

I put food on the table and a roof overhead
 But I'd trade it all tomorrow for the highway instead
 Watch your back if I should tell, love's the only thing I'd ever known
 One thing for sure pretty baby, I always take the long way home

E D A D E

You know I love you baby more than the whole wide world
 I'm your woman - I know you are my pearl
 Let's go out past the party lights and we can finally be alone

Come with me, and we can take the long way home

Come with me, together we can take the long way home
 Come with me, together we can take the long way home
