

Northlane - Solar

```
Intro: Abm E Gb Gbm
Abm E Gb Gbm
Abm E
                     Gb Gbm
In an age where stars only draw us in
Abm E
Gaze is swept from our mother who birthed us here
Abm E B Gb
She's stormy, doubted and over-relied on
Abm E
Take a good long look at that horizon
           Gb Abm
We bleed it dry
We multiply
Gb Abm
And soon we'll say it's time to fly
Gb Abm E Abm
So scorch the host
              Gb Gbm Abm
Silenced by the solar wind
             Gb Gbm
Forests evergreen
Abm F
Wither to sand
                  Gbm
       Gb
                             Abm E
There's still shade in this wasteland
 Gb Gbm
Shadows of towering glass span
                     Gb
As far as you can set your sights on
Take a good long look at that horizon
```

```
We bleed it dry
We multiply
Gb Abm
             Е
And soon we'll say it's time to fly
Gb Abm E
So scorch the host
She's stormy, doubted and over-relied on
Abm E
                      В
She's stormy, doubted and over-relied on
Abm E
She's stormy, doubted and over-relied on
Abm E
Take a good long look at that horizon
E Gb Gbm Abm E
Open your eyes
Gb Gbm Ab E
Two worlds collide
Gb Gbm Abm E Gb Abm
Open your eyes
            Gb Abm
We bleed it dry
We multiply
Gb Abm
             Ε
And soon we'll say it's time to fly

Gb Abm E
So scorch the host
Gb E
Watch it die
