

Nothing But Thieves - Keeping You Around

tom:

A

Your lips want anyone else, mine taste like everyone else
Bb **F**
 Oh, that's a tragedy

A **Dm**
 Trying not to pity myself you fall back into yourself
Bb **F**
 Oh, what a mess we're in

A **Dm** **Bb**
 Slow down, show me

F
 Tell me, how a modern human should be?

A **Dm** **Bb**
 It's so easy

F
 You're so pretty when you lie to me

A **Dm** **Bb** **F**
 But how much blame can we take babe? Ohoh

A **Dm** **Bb** **F**
 When all our friends are so shady

A **Dm**
 Your lips want anyone else, mine taste like everyone else
Bb **F**
 Oh, that's a tragedy

A **Dm**
 Trying not to pity myself you fall back into yourself
Bb **F**
 Oh, what a mess we're in

A **Dm**
 I've got more hope of killing war

Bb **F**
 Or seeing sound Ahah

A **Dm**
 Than I've got of keeping you around

Bb **F**
 Of keeping you around, of keeping you around

A **Dm** **Bb**
 Dead club, so low

F
 So good at pretending that it's fun though

A **Dm** **Bb**
 Head Fuck, won't go

F
 So tired of being tired, you know

A **Dm** **Bb** **F**
 I wish I could make it ea-sy, ohoh

A **Dm** **Bb** **F**

I'm still a broken machine, babe

A **Dm**
 Your lips want anyone else, mine taste like everyone else
Bb **F**
 Oh, that's a tragedy

A **Dm**
 Trying not to pity myself you fall back into yourself
Bb **F**
 Oh, what a mess we're in

A **Dm**
 I've got more hope of killing war

Bb **F**
 Or seeing sound Ahah

A **Dm**
 Than I've got of keeping you around

Bb **F**
 Of keeping you around, of keeping you around

Gm
 Build something up just to knock it down

Dm **F**
 Live a quiet life in a quiet town

Gm
 Maybe everyone will forget me now

Dm **Eb**
 Could you just start over?

Gm
 Build something up just to knock it down

Dm **F**
 Live a quiet life in a quiet town

Gm
 Maybe everyone could forget me now

Dm **Eb**
 Could we just start over?

A **Dm**
 Your lips want anyone else, mine taste like everyone else
Bb **F**
 Oh, that's a tragedy

A **Dm**
 Trying not to pity myself you fall back into yourself
Bb **F**
 Oh, what a mess we're in

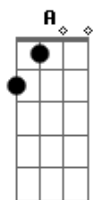

A **Dm**
 I've got more hope of killing war

Bb **F**
 Or seeing sound Ahah

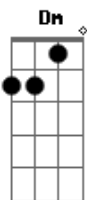

A **Dm**
 Than I've got of keeping you around

Bb **F**
 Of keeping you around, of keeping you around
