

Nothing But Thieves - Particles

Tom: D

It's been like a year since I've been home
 Flirting with an addiction I can't shake off
 My mouth is dry, I self medicate
 This comedown won't cure itself
 It's driving you away
 It's driving you away
 Piece by piece
 Day by day
 Baby, tell me if I'm being strange
 And if I need to rearrange
 My particles
 I will for you
 My particles
 I will for you
 And I'm a shadow of a ghost
 It's feeling as if somebody has taken host
 Babe, I don't wanna make a scene
 But I get self-destructive
 It's driving you away
 It's driving you away
 Piece by piece

Day by day

Baby, tell me if I'm being strange
 And if I need to rearrange
 My particles
 I will for you
 Oh, doctor please
 This don't feel right
 Oh, can't you give me something
 To get me through the night?
 If it all falls apart
 And if this thing goes wrong
 Oh put me back together
 However you want
 My mind plays tricks
 And I don't sleep no more
 Oh doctor please
 I can't switch off
 Baby, tell me if I'm being strange
 And if I need to rearrange
 My particles
 I will for you
 My particles
 I will for you
