

Nothing But Thieves - Tomorrow Is Closed

tom:

B

Oh, it's too late

Come watch the waste

Dirty English sky

It's washin' me away

Open my lungs

I feel the gunge

How it tries to kill me

It's stinging

Now you know we're all the same

Who have you been left to blame?

Everlasting summer again

It's all we've got left

It's all we've got

So here's your last kiss

Won't wanna miss this

Only piece of heaven I've ever had

No, I don't think it's for nothing

But I hope someday we're gonna get it back

(Gbm B E Dbm)

Cover our eyes

It feels so nice

Li? on mornin' TV

It's easy

Say the wrong things the right way

Tak?s you to the highest place

It's time to embrace the insane

E
It's all we've got left

Dbm
It's all we've got

Gbm
So here's your last kiss

B
Won't wanna miss this

E Dbm
Only piece of heaven I've ever had

Gbm B
No, I don't think it's for nothing

E Dbm
But I hope someday we're gonna get it back

Gbm B
La, la, la, la, la

E Dbm
La, la, la, la, la

Gbm B
La, la, la, la, la

E Dbm
La, la, la, la, la

Gbm B
Tomorrow is closed

E Dbm
There's no future at all

Gbm B
We've burned it all down, down to the ground

E Dbm
Oh, I saw it written on the bathroom wall

Gbm B
I've lost my place, we all have

E Dbm
But I hope someday we're gonna get it back

Gbm
So here's your last kiss

B
Won't wanna miss this

E Dbm
Only piece of heaven I've ever had

Gbm B
We're all sinking, you know the feeling

E Dbm
We're all reaching out to find another hand

Gbm B
No, I don't think it's for nothin'

E Dbm
But I hope someday we're gonna get it back

Gbm B
La, la, la, la, la

E Dbm
La, la, la, la, la
