

Nothing More - Jenny

tom:
 Bm
 A little sleep, a little slumber
 A little folding of the hands
 Gbm
 Left you weak, left you hungry
 When there's supply you still demand
 Em
 You're beginning to drag
 The ones you love down
 Will this phase ever end?
 G
 A thousand arms to hold you
 A
 But you won't reach for any hands
 'Cause?
 Bm
 I don't feel like I'm getting through to you
 Gbm
 Let me paint this clear, life is short, my dear
 Em
 See your mother here, her last painful year
 G
 I wish you only knew
 A G
 She stuck around for you
 A Em Gbm
 She stuck around for you
 G
 Maybe you should just fall
 A Bm A
 Leave the word and lose it all
 G
 And if that's what you need
 A
 To finally see
 Bm
 I'll be with you through it all
 Bm
 Bring on the pills, roll that dollar bill
 Medicating will never heal
 A
 Relapse, rehab, repeat
 Always thinking about the me, me, me
 Em
 Self-destruct, spiral down
 Until your want becomes your need
 G
 Please get up like I know you can
 A
 Or forever love the fall
 'Cause
 Bm
 I don't feel like I'm getting through to you
