

Nothing, Nowhere - Letdown

Tom: A

m

Am
Broke your heart on your birthday
I would call but I don't know what I could say

Em
Only skin, only bone, and I'm flawed
Crying in your parents' garage

Am
So I'll sew my eyelids shut
So I don't have to be reminded of us

Em
'Cause everywhere that I go is a photo

G
Every night I'm in bed with the vertigo

Am
It goes
Da da da dadada da, da da da dadada

Em
Da da da dadada da, da da da dadada
Every night I'm going

Am
Da da da dadada da, da da da dadada

Em
Da da da dadada da, da da da dadada

(**Am** **Em** **Am** **Em** **G**)

Am
Anxiety inside extremities
I'm losing touch, I got a tendency

Em
To ruin all the things that I love
I could make amends **Am**

But you know I had enough, oh man
Not right now
You would think that I would feel alive by now

Em
Twenty something years and I'm still so down **Am**
Contemplate on moving like my legs tied down, oh no

Am
Try to coincide, lack on my back and the void is inside
I can see my faults in the ceiling every night

Em
I can see my faults in the ceiling every night

Am
So I'll drive all night through my home town
You can drive your knife through my chest now

Em

I'ma crash my car by your old house

G
'Cause all I'll ever be is a letdown

Am
So I'll drive all night through my home town
You can drive your knife through my chest now

Em
I'ma crash my car by your old house

G
'Cause all I'll ever be is a letdown

Am
Da da da dadada da, da da da dadada

Em
Da da da dadada da, da da da dadada
Every night I'm going

Am
Da da da dadada da, da da da dadada

Em
Da da da dadada da, da da da dadada

Am
So I'll drive all night through my home town
You can drive your knife through my chest now

Em
I'ma crash my car by your old house

G
'Cause all I'll ever be is a letdown

Am
So I'll drive all night through my home town
You can drive your knife through my chest now

Em
I'ma crash my car by your old house

G
'Cause all I'll ever be is a letdown

Am
So I'll drive all night through my home town
You can drive your knife through my chest now

Em
I'ma crash my car by your old house

G
'Cause all I'll ever be is a letdown

Am
So I'll drive all night through my home town
You can drive your knife through my chest now
