```
            Am                Em
Changing me for anyone
Am                    F
And it turns my inside out
Am                     Em
You play my heart for everyone
Am                          F
And I just cannot do the same, yeah
Am                               Em
I guess I'm seeing things as I want to see
Am                          Em
You play your game with everyone
Am                                Em    F
But if you ask me if I love you, I do
Am                       Em
You make me believe I'm the one
Am                                  F
Till the first drop of jack you take
Am                          Em
I guess I should be asking myself
                            F
This part is not for me to play
```

```
                                  Am
I know your smile confuses me
                         Em
But now is enough

Am         F         C     Em
Take me back to my real life
Am         F         Dm     Em
Take me back before I ever met you
        Am     F           C      Em
In this blame game i?m the one to blame
Am                           Dm         Em
When you play this game its all about me

Am         F         C     Em
Take me back to my real life
Am         F         Dm     Em
Take me back before I ever met you
        Am     F           C      Em
In this blame game i?m the one to blame
Am                           Dm         Em
When you play this game its all about me

Am     Em
I?m changing you for someone
