

Novo Amor - Sleepless

Tom: G

Given all the silence
 I could see the sky was taking its place
 If we're giving it all a title
 I'll concede I might've made a mistake
 'Cause I feel lo---ve, throwing it all away
 I'm sleepless

(G C Em D C)

Seven years of verses, I guess that I deserve it

I made a mistake
 So keep it on the surface

And tell me that was worth in all the ways that it would break

'Cause I feel love, throwing it all away

I'm sleepless, knowing you're all the same
 How'd only I feel it?
 How'd only I feel it?

It's taken all the ivy from your throat

Does it feel anymore like home?

I made the walk from Albany to Rome

But it feels there's nowhere more to go

'Cause I feel love, throwing it all away

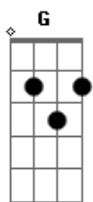

I'm sleepless, knowing you're all the same

How'd only I feel it?

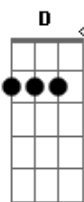

How'd only I feel it?

How'd only I feel it
