

# Now United - Afraid Of Letting Go

Tom: G

I get this feeling  
 When I see you  
 Like it never had before  
 You're like a ghost that's always with me  
 Yeah you leave me wanting more  
 There is something good  
 Between you and me  
 All I want is you  
 It's the plan, I see  
 I can't shake you off  
 Watch you in my dreams  
 No I can't get you off my mind  
 Gotta take a chance  
 Or we can take it slow  
 Baby just don't be  
 Afraid of letting go  
 Baby, we don't know  
 What the future holds  
 Baby, just don't be  
 Afraid of letting go  
 Don't be afraid of letting go  
 Baby, there's no need  
 To analyze when we're  
 Just having fun (oh, no)  
 I just want to see you reckless  
 Let me take you on the run  
 Want you to react  
 Let yourself unwind  
 No need to go fast

Just follow the signs  
 We can play it loose  
 Baby, improvise  
 I just can't get you off my mind  
 Gotta take a chance  
 Or we can take it slow  
 Baby just don't be  
 Afraid of letting go  
 Baby we don't know  
 What the future holds  
 Baby just don't be  
 Afraid of letting go  
 Don't be afraid of letting go  
 Don't be afraid of letting go  
 You know I can't explain  
 So wanted  
 Flying high on emotion  
 Let's just take the ride  
 Don't need to try  
 Don't be afraid of this moment  
 Gotta take a chance  
 Or we can take it slow  
 Baby just don't be  
 Afraid of letting go  
 Baby we don't know  
 What the future holds  
 Baby just don't be  
 Afraid of letting go  
 Don't be afraid of letting go  
 Don't be afraid of letting go
