

Now United - Dana

tom:

Intro: Dm Bb F C

I?ve been waiting so long

Dana, Dani

For you to believe in all the ways of love

In the ways of love

Dana, Dana, Dana

I?ve been waiting so long

Waiting, waiting

I want more, more, more

Show me the ways of love

Dana, Dana, Dana

The Sun and the Moon

A billion stars above

This feeling that we share

Our hearts are beating as one

The rhythm of the world

We share the same sky

Reaching out a hand

A love we can?t deny

I?ve been waiting so long

Dana, Dani

For you to believe in all the ways of love

In the ways of love
Dana, Dana, Dana

I?ve been waiting so long

Waiting, waiting

I want more, more, more

Show me the ways of love
Dana, Dana, Dana

Dana, Dana, Dana

Dana, Dana, Dana

Dana, Dana, Dana

Turn on the sunlight

Illuminate the dark

Love is all around us

We?ll never fall apart

Don't be afraid to fall

Yeah, we were born to fly

Now we are united

Together we'll shine

I?ve been waiting so long

Dana, Dani

For you to believe in all the ways of love

In the ways of love

Dana, Dana, Dana

I?ve been waiting so long

Waiting, waiting

I want more, more, more

Show me the ways of love

Dana, Dana, Dana

Dana, Dana, Dana

Dana, Dana, Dana

Iss nafrat ko mitao sardeen hamare beech nahi

Jis tarah ki saari duniya meine dekh padi

Badi bae Tod hai, bohot jor hai saath mein

You know the truth will make us rise up

So bring your body closer

Believe ka matlab just believe girl

Aao sabko bhul jo hame kare dur

Rakhung tumhe mere dil mein mashoor

I?ve been waiting so long

Dana, Dani

For you to believe in all the ways of love

In the ways of love

Dana, Dana, Dana

I?ve been waiting so long

Waiting, waiting

I want more, more, more

Show me the ways of love

Dana, Dana, Dana

Oh, love, oh love, oh love

(Yeah, yeah)

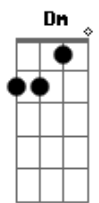

Dana, Dana, Dana

Oh, love (oh, oh) oh, love (oh, oh)

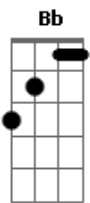

Oh love

Dana, Dana, Dana
