

Now United - Golden

tom: D

My head and your hands pointing at the sky D
 Bm Whispers break the silence overnight G
 D A sky full of diamonds
 G Could spend a lifetime naming them all
 Bm This start I'll be rising, perfectly timing, ready to fall G

D
 'Cause we are the Earth, they are the Moon
 G You are the sunlight in the room
 Bm Over the ocean, it's overflowing
 G Colors of blue

D
 'Cause we are the Earth, they are the Moon
 G You are the sunlight in the room
 Bm Over the ocean, it's overflowing
 G Colors of blue
 But you mak? it golden

(D G Bm G)

Yeah, you make it golden
 Yeah, you make it golden
 Yeah, you make it golden
 Yeah, you make it golden

D G

Used to hide away from storms and the dark
 Bm But now I'm not afraid
 G 'Cause the lightning strikes my favorite part
 D Run for the sirens
 G That I spend a lifetime switching them off
 Bm Put in our fires, but now there is silence
 G Here at the top

D
 'Cause we are the Earth, they are the Moon
 G You are the sunlight in the room
 Bm Over the ocean, it's overflowing
 G Colors of blue

D
 'Cause we are the Earth, they are the Moon
 G You are the sunlight in the room
 Bm Over the ocean, it's overflowing
 G Colors of blue
 But you make it golden

(D G Bm G)

Yeah, you make it golden
 Yeah, you make it golden
 (You make it golden)
 Yeah, you make it golden
 Yeah, you make it golden
