

Now United - Golden

tom: D

My head and your hands pointing at the sky D
 Whispers break the silence overnight Bm G
 A sky full of diamonds D
 Could spend a lifetime naming them all G
 This start I'll be rising, perfectly timing, ready to fall Bm G

'Cause we are the Earth, they are the Moon D
 You are the sunlight in the room G
 Over the ocean, it's overflowing Bm
 Colors of blue G

'Cause we are the Earth, they are the Moon D
 You are the sunlight in the room G
 Over the ocean, it's overflowing Bm
 Colors of blue G
 But you mak? it golden

(D G Bm G)

Yeah, you make it golden
 Yeah, you make it golden
 Yeah, you make it golden
 Yeah, you make it golden

Used to hide away from storms and the dark Bm
 But now I'm not afraid

'Cause the lightning strikes my favorite part G
 Run for the sirens D
 That I spend a lifetime switching them off G
 Put in our fires, but now there is silence Bm
 Here at the top G

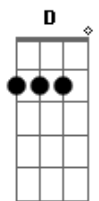

'Cause we are the Earth, they are the Moon D
 You are the sunlight in the room G
 Over the ocean, it's overflowing Bm
 Colors of blue G

'Cause we are the Earth, they are the Moon D
 You are the sunlight in the room G
 Over the ocean, it's overflowing Bm
 Colors of blue G
 But you make it golden

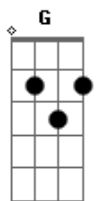

(D G Bm G)

Yeah, you make it golden
 Yeah, you make it golden
 (You make it golden)
 Yeah, you make it golden
 Yeah, you make it golden
