

Now United - Good Intentions

tom:

D

G

I know i could home
A little to late

Waking you up

Making you wait

It?s true, true

And all of?your?friends say

I?m?a fool

Maybe they?re right, but

They?don?t know you

Like i do, do

Baby, I?ll never gonna give you up

Never gonna let you down

Even when it gets you down

Baby, I swear I?m gonna make it up

Never gonna let you down, down
Nothing?s gonna stop us if you want me

Call me

Trust me

Just me

Jump with me

And I-I'm gonna set in my lesson

I got nothing but good intentions

Call me

Want me

Trust me, baby, you?re the one for me

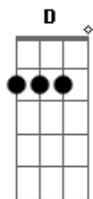

And I-I'm gonna set it in my lesson

I got nothing but good intentions

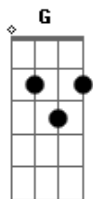

Good intentions

Got nothing but good intentions
