Intro: C F C G

C F  
We haven't spoken in so long dear  
G C  
This year has gone by in a blur  
C F  
Today seems everything's gone wrong here  
G C  
I'm looking for the way things were  
Em F  
I know you'd laugh and call me tragic  
C G  
For everything's in disarray  
C F  
These rooms were always full of magic  
G C F C G  
That's vanished.....since you went away  
Am Em  
Winter has gone  
C G

But not from this room  
Am Em  
Snow's left the lane  
F G C  
But the cherry trees forgot to bloom  
C F  
I'll carry on the way you told me  
G C  
I say that like I have a choice  
C F  
And though you are not here to hold me  
G C  
In the echoes I can hear your voice  
Em F  
Still one question fills my day dear  
C G  
The answer I most longed to know  
C F  
Each moment since you went away dear  
G C  
My question Kate is...where'd you go?  
( F C G C )
