

# Oasis - Dyou Know What I Mean

Tom: E

(com acordes na forma de D )  
 Capostraste na 2ª casa  
 Chords used (remember there's a capo on the 2nd fret):

EADGBE  
**Gbm7**  
**Gb**  
**A**  
**E** (xx0232)  
**E** (xx2455)  
**B** (x24442)  
**B7sus4** (x24255)  
**D** (x54232)  
**D** (x54255)

Tab Key:

h = hammer on  
 p = pull off  
 b = bend (7b8 means bend the string at the 7th fret to make approximately the note the string would make if played at the 8th fret with no bend)  
 r = release bend  
 s = slide (a quick slide, making the two notes sound almost like one)  
 / = a slower slide, play the first note, then slide to next note  
 ~ = hold that note  
 = harmonics

Since there are way too many guitar tracks in this song (I think I read an interview where Noel said he'd put something like 32 guitar tracks on this song!) I tried to include the most prominent fills in the song.

Fill 1:                      Fill 2a:                      Fill 2b:

Fill 3 (played by two guitars):  
 guitar #1:

guitar #2(at the same time as guitar #1)

Intro: =====

**Gbm7** (for three measures until the backwards thing Noel says sounds like "Fuck Me", then:)

 I think I know, but I don't know why

Verse 3

=====

I don't really care for what you believe  
 So open up your fist or you won't receive  
 The thoughts and the words  
 of every man you'll need

Get up off the floor and believe in life  
 No-one's ever gonna ever ask you twice  
 Get on the bus and  
 bring it on home to me

Pre|-chorus

=====

I met my maker, I made hime cry [FILL 2b]

All my people right here right now
