You're standing ignoring me

Verse

The first thing I saw as I walked through the door was a sign on the wall that read  
It said you might never know what I want you to know

What's written inside of your head  
And time as it stands won't be held in my hands  
Or living inside of my skin  
And as it fell from the sky I asked myself why  
Can I never let anyone in?
