

# Oasis - My Big Mouth

Tom: A  
Intro: A D C G F

Verse:  
F A D C G F  
Everybody knows  
F A D C G F  
And no one's saying nothing  
F A D C G F  
Is the sound so very loud  
F A D C G F  
That no one can hear  
F A D C G  
And there's something in my shoes  
F A D C G F  
That's keeping me from walking  
F A D C G F  
Down along the winding road  
F A D C G F  
Back home to you

Bridge :  
F2  
When all your songs cease to be  
G  
That's what you get for sleeping with the enemy  
F2  
Where angels fly, you won't play  
E  
So guess who's gotta take the blame for

Chorus:

F A D C G F  
My big mouth  
F A D C G F  
And my big name  
F A D C  
I put on my shoes while I'm walking  
G F A D C G  
Slowly down the hall of fame  
F A D C G F  
Into my big mouth  
F A D C G F  
You could fly a plane  
F A D C  
I put on my shoes while i'm walking  
G F A D C G  
Slowly down the hall of fame

Verse 2:  
I ain't ever spoke to God  
And I ain't ever been to heaven  
But you assume I knew the way  
Even though I'm not worth giving  
As you look into the eye  
Of a bloody cold assassin  
Only then you realise  
This is what you have been missing

Chorus:

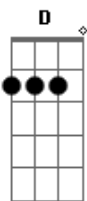

Solo:

Chorus (To End):
