You're the devil in me I brought in from the cold
             D2                     Cm      A7sus4   D2
Cm   A7sus4
You said your body was young, buy your mind was very old,
       D2                    Cm      A7sus4
You're coming on strong and I like the way,
    D2                Cm    A7sus4
The visions we had are fading away,
       D2                 Cm   A7sus4
You're part of a life I've never had,
             D2                      Cm   A7sus4
You know I'll tell you man, it's just to bad,
     D2                        Cm    A7sus4
I'll tell you man, it's just to bad,
     D2                        Cm    A7sus4
I'll tell you man, it's just to bad,
     D2                        Cm    A7sus4
I'll tell you man, it's just to bad,
```
