It's all about confidence baby  
 She was a confident lady  
 And I know she's driving me crazy  
 I know she'd probably hate me  
 And I should've said this  
 And I should've said that  
 All that I know now

It's all about confidence baby  
 She was a confident lady  
 And I know she's driving me crazy  
 I know she'd probably hate me

I think she knows, and I think she knows  
 She's making me nervous, she's making me nervous  
 I think she knows, and I think she knows

She's out of my league

It's all about confidence baby  
 She was a confident lady  
 And I know she's driving me crazy  
 I know she'd probably hate me  
 And I should've said this  
 And I should've said that  
 All that I know now

It's all about confidence baby  
 She was a confident lady  
 And I know she's driving me crazy  
 I know she'd probably hate me

I think she knows, and I think she knows  
 She's making me nervous, she's making me nervous  
 I think she knows, and I think she knows  
 She's out of my league
