

Ocean Alley - Lemonworld

tom:

Intro: Em C D G Em

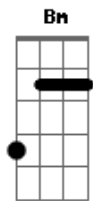

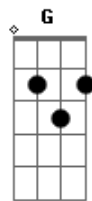

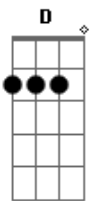

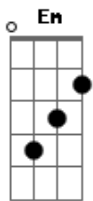

Em
When it all gets done?
Thinking who I'll be?
What have I become?
If I strike the match?
And I'd let it burn?
Will I still feel numb?
?Cause I've tried my best
Just to work it out
But I still feel dumb?
What have I become?
What have I become?
What have I become?
[Refrão]

And you wanna say
You love me
But you're not here no more
And I've got to let it
Cause I know I'm not welcome here no more
[Riff]

(Em C D G Em)

Em
Will it all falls through
When you've walked the way?
What am I to do?
If I close my eyes and you sung the door
Will I think of you?
?Cause I've tried my best
Just to work it out

Acordes

But I'm black and blue?
What have I become?
What have I become?
What have I become?

You love me
But you're not here no more
